

TUESDAY TECH TIP

DBNZ Tech Tip Of The Week

THE KEY TO SILVER

The new MM9021 Metallic Bright Silver toner is a solution for a chrome-like appearance with a light and clean face and dark flop. A differentiator in our line of toners, it delivers impeccable shine and smooth metallic particles.

TAKE YOUR BODY SHOP TO THE NEXT LEVEL

Contact us and one of our sales representatives will provide you with all the information you need about our MM9021 Metallic Bright Silver toner.

No toners will be replaced

Similar products like Metallic Ultra Fine Bright will be used less frequently.

The MM9021 Metallic Bright Silver is available to order now and the updates of the colour formulas in ICRIS started in August 2024.

THE KEY TO SILVER. MM9021 METALLIC BRIGHT SILVER

We are glad to announce a new toner – MM9021 Metallic Bright Silver in the WaterBase 900+ Series.

The upgrade will deliver a chrome-like appearance with a light and clean face and dark flop.

Impeccable shine and smooth metallic particles – to list a few benefits of the product.

BENEFITS TO YOUR BODY SHOP:

Match the challenging colours with a chrome-like finish

Achieve the invisible repair for the OEM colours

Enhance the application for challenging colours
